Several potholes were reported including South Street (near No. 17), 4 The Shears and Lampern Hill. The Council was disappointed repairs had not been carried out during the recent closure of Lampern Hill for Seven Trent repairs. It was unclear to what extent the Severn Trent works had solved the water issue at this location, the BT duct still submerged in water. It was reported that on Shadwell Lane between Lampern Hill & Windsor Lane the surface was collapsing, due to drainage issue. **IT WAS AGREED** to report these matters to GCC Highways.
